## Designing a Cost Efficient Freeze-Drying Process without Compromising Drug Quality

Dear Mr Tony Kester,

With the event now just **1 week away**, I wanted to remind you that there is still time to secure your place at SMi's 4th annual [Lyophilisation Europe](#) conference, taking place on **4th & 5th July** in Central London.

Are you looking to **optimise** your pharmaceutical freeze drying process? Define best practise with the application of **QbD** and **PAT** principles? Discover novel approaches in **formulations** for lyophilised products? Learn more about key issues surrounding **regulation** and process reviews?

These will be just some of the key topics covered through powerful keynote addresses delivered by our international panel of senior scientists and freeze-drying experts from **Boehringer Ingelheim, NIBSC, GSK**, plus many more!
