Clemson University Admissions Appeals
Clemson University
Clemson, SC 29634

Dear Admissions Appeals James H. Markley V for admission to Clemson University. I am confident in James' ability to excel in your program.

I am a second-generation small business owner, and I appreciate James' dedication to his family's agriculture business. James has performed very well at my alma mater, T. L. Hanna High School where he maintains a GPA of over 4.1 at the current time. James also played varsity golf for four years, exhibiting his diligence and discipline. These experiences will serve him well at Clemson University.

James serves his community as a Meals on Wheels volunteer and participates in other charitable efforts that help others. I trust that his servant's heart will stay strong at Clemson.

I appreciate the appeals committee at Clemson University granting James its full consideration, and I look forward to James' enrollment at Clemson.
