We have drafted responses to the consumers. Do you want us to send those to you or directly to the consumer? We would like to get those out today. Please email me or call 737-6805 as I am not at my desk.

Mr. Ferguson has contacted the Department. We scheduled a follow up meeting with him for January 11 at 9 am. We also asked him to provide the data he used to develop his proposal.

Gwen,

Has DF contacted you this week?

Is there an update about the correspondence letters?

Thanks,

Katherine

Thanks, Katherine. We are putting together a request for data to make sure we are all looking at the same information. I gave Ted a folder with our preliminary responses to some of his points, but we could not finalize until they clarified some points and we had an opportunity to review the data they were referencing.

Please have a good evening.

Below is an email from Andy Twisdale.

I wanted to make sure you received this correspondence.

Thank you,

Katherine

Good morning

To Ray Farmer and Gwen Fuller-McGriff

I want to thank you on behalf of Daryl Ferguson, Stu Rodman and myself for your time yesterday to meet with to hear our concerns. I apologize for having to leave early to return to Hilton Head for a social. We look forward to meeting again in the future. The cost of insurance impacts SC home owners and businesses. Also potential new SC property owners.

We will forward to you the PowerPoint presentation for your review and comments.

Regards,

Andy Twisdale REALTOR
