Re: Latarsha P. Singleton ID 8630143352

Dear Dr Burton:

Latarsha P Singleton is a 28-year-old patient, who had a hysterectomy in 2005. Due to this condition, Ms. Singleton had several pre hysterectomy visits with her Gynecologist, which is beyond her yearly ambulatory visit allotment.

We have the follow dates of service, which have not been paid: 9/29/2005, and 12/13/2005, 02/23/2006, and 06/23/2006.

Please consider payment for the visits listed above.

Thank you in advance for your assistance in this matter.

Sincerely,

Brian N. Anderson, MD

Re: Latarsha P. Singleton

Dear Dr. Anderson:

Thank you for corresponding regarding this patient. The South Carolina Department of Health and Human Services (DHHS) can support five (5) additional physician office visits for this fiscal year ending June 30, 2006. Please attach a copy of this correspondence to any physician office visit claim you have that will exceed the twelve-visit limit. This will alert our staff to override the automatic system payment rejection edit and reimburse you for this care. Please assist the patient and the S.C. Medicaid program to make optimal use of these visits for medically necessary care. Additional visits should, in general, be physician directed as opposed to patient directed. Also, the 99211 code can accommodate brief encounters and does not count against the allotted number of office visits. Adult Medicaid beneficiaries are allowed twelve (12) physician office visits beginning July 1<sup>st</sup> of each year. Attending physicians can request additional visits only when these initial twelve (12) are exhausted for medically necessary care

If you would like to discuss this further, please call me 803-898-2500 or 803-255-3400. Thank you for your advocacy regarding this patient and for caring for South Carolina Medicaid beneficiaries.

Sincerely,
