When we talked Friday a week ago you indicated I would receive some information and a phone call so we could plan next steps.

FYI - I have not received anything nor has anyone reached out to me - I will be leaving the country on Feb 7 and returning Feb 15.

Nice article in todays paper regarding Education and Military - I tried to copy Trey but I don't have his new email address (please provide).

I am available this weekend if you would like to chat.
