Hey Rob,

Has the Governor's office drafted a request for bids for the next suitor for credit monitoring in the state?

Live 5 News would like to request a copy of the letter when it's drafted.

Also, do you still have the final numbers of people who signed up for the free monitoring from Experian before the March 31 deadline?

Do your numbers also show the amount of people who did not sign up for the service (who could have)?

Thanks so much for your help.
