

**scstateparks** Edisto Beach #SCStateParks has suffered major effects from Hurricane Irma as well. The oceanfront campground was flooded by storm surge on the marsh side, and and saltwater infiltrated and severely damaged the electrical system. The Live Oak campground is littered with downed trees and limbs after Irma and a tornado associated with it damaged the area. In order for us to clean up and make repairs to both campgrounds, they will be closed for the remainder of 2017. The day-use area (with beach access) and cabin area of Edisto Beach State Park will reopen on September 22. People with camping reservations between now and the end of 2017 will be contacted and a issued a full refund. Any cabin reservations affected will also be refunded. For more information on Hurricane Irma recovery, please type <http://bit.ly/2e6gXJY> into your browser. Thank you, again, for your patience and understanding during this time.
