Dear Mr. Peter,

I must apologise for the inconvenience to you in regards to the oversight of me not completing number 19 on my application to be reappointed to the Greenwood County Board of Voter Registration and Elections.

In the past five years my income has been from monthly income of Social Security and monthly income from Greenwood County which Social Security and Medicare tax is withheld, it was my understanding I didn't need to file for state and federal taxes. If you need further information please call me 864-229-3470.

I would genuinely appreciate the opportunity to continue serve Greenwood County in this capacity.

Sincerely,
Beth Rembert
