Hello my name is Cheryl and I have had a child support case since 2001. My ex is over 23 thousand behind. See he lives in N.C. and they keep doing nothing. He has been to court in Sept, October, and now has a court date for Nov 4, 2014. I called SC child support to find out whats going on only to be told they don't no. All they no is when the court date is and don't no anything more until AFTER the court date. They don't even talk with with child support in NC nothing. So what is there job? they take them to court for child support, get it court ordered , then if the other psrty lives in another state they do nothing? just leave it up to NC? I find this to be a joke, NC has NO interest in getting money for a SC resident. and if SC child support isn't on top of the case because its in NC then how does that help me. My youngest will graduate may 2015 and I could sure use the help with all the senior stuff plus other things for him but really need SC to step it up and do something. I feel SC child support is not rep me well at all. please help not just for me but I no a few people who have this problem because there ex live in other states.

Thank you for your time,

Cheryl Manthei
