I don't know if you are the person I
need to talk to about this matter. But I
have a problem with the S.C. Unemployment
Office. My wife was denied unemployment
Compensation, because they said she didn't
send the appeal papers in on time. They gave
her 10 days to appeal, but they didn't consider
mail/del time. I think all it is, is
a strategy not to give her government
money and I do not like it! It was
bad enough I got screwed last year →

From getting unemployment extension. Because
the rich people like Lindsey Graham opposed
it. I have 4 kids to feed and I
loss a car because of it. I couldn't
help I got laid off from my job. So
you need to kindly call Daniel Beal at
the unemployment office and find out what
his problem is? You can call my wife
that was denied, because of this today

bullcrap!

Sincerely
