Subject: We're Hiring

---

We're hiring two new positions to advance our fight against senior poverty. The successful candidates will have the opportunity to engage in high-impact, meaningful advocacy to protect the needs of low-income older adults as the Affordable Care Act, Medicaid, Medicare, Social Security and SSI all face tremendous threats from the new Administration and Congress. We are seeking exceptional professionals who are looking to use their legal and policy skills to make a difference during this critical time.

**Litigation Director.** We are looking for an experienced, talented litigator to lead an expanded litigation team focused on defending access to health and income benefits, preventing poverty and homelessness among older Americans, and ensuring that the safety net is available to all seniors without discrimination. The Litigation Director can be based in any of our three offices – Washington DC, Oakland or Los Angeles.

**Health Policy Advocate/Attorney.** We're seeking a strategic health policy advocate or attorney in our DC office to help us push back against cuts to the ACA, Medicaid, Medicare, and other critical health care programs for low-income seniors. This position will be based in our Washington, DC office.

**More information about these positions is [available here](#). Please share this announcement broadly.**
