Governor Haley I just wanted to commend you on your speech today to remove the confederate flag for the State House grounds. It would be in my opinion a way of honoring those lost last week. I keep hearing and seeing on the news that the flag issue has nothing to do with this terrible tragedy but I have to disagree. I think we as a state also need to address a policy to protect all citizens from hate crimes. It is my understanding that South Carolina does not have any laws in place at this time. In closing I just want to say I was so overwhelmed listening to the families actually forgiving the person that changed their lives forever. South Carolina is a great state with caring and loving people and the world has be seeing this in the days following this tragedy.

Regards, David Oswald
