

Spartanburg County Taxpayers may have some hope in 2015. With two councilmen leaving that seemed only to use county to serve their own special interest and their friends.

Jeff Horton is doing his best to regain our state revenues. With two new councilmen maybe they will take control and help reduce spending, county waste and restore our services and stop the stealing and selling of taxpayers property. I think these people should be

punished for taking and selling county property. It seems these employees are only smacked on the hand or promoted to better jobs within the county.

Hopefully the two new men on council will see the need for change in the way animals and other problems are growing in our county.

I talked with David Mize two separate times about the cost of animals going to

Greenville. He gave me all the numbers and all the money Sp. County was saving. He would never admit that we have a full time Animal Control Officer earning \$30,000 plus

Annually and furnished with a County truck to drive from Home to Greenville shelter

Every day, and supplied county gas keys

Why are we supplying this Officer and also

paying for animals. Animals are not being picked up 5 days a week. I see Litter Control Officers (two per truck) out picking up animals. Why does it take two Litter Officers to pick up animals and only one Animal Control Officer to do the same job? Why does it take two Litter Officers to deliver animals to Greenville. Litter Officers should be doing what we pay them for, writing tickets for litter that generates revenue for the county. Appears that we have bad or no management in that Department. Why should county citizens risk safety and cost for travel to Greenville for their animals. County Administrator should let taxpayers know the cost for animal control.

How many trips are made to Greenville daily?

How many man hours are lost in the commute?

What is the cost of gas and maintenance on these trucks? Truck replacement cost.

How many trucks go to Greenville with only one or two animal on board?

One councilman said the county Administrator has to have backbone to do that job. I have not seen that yet. Catherine O'Neill said she was going to address the problem of family members working too closely in the same departments. No changes have been made yet!

Why ARE ROADS AND BRIDGES WORK CREWS
ALLOWED TO WORK ON PRIVATE PROPERTY CUTTING
TREES BECAUSE A COUNCILMAN REQUESTED IT?

IS COUNCIL ABOUT THE POLICY & PROCEDURES
SET FOR ALL OTHER EMPLOYEES? COUNCIL SHOULD
LEAD BY EXAMPLE. EVER WONDER WHY
EMPLOYEE MORALE IS SO LOW? "REALLY"

IS THERE HOPE IN 2015 OR IS POLICY AND
PROCEDURE GOING TO CONTINUE TO BE OVERLOOKED?

IT IS TIME FOR CHANGE AND WE DESERVE IT!

EVAL TIME IS HERE AGAIN AND ADMIN THINKS
NO EMPLOYEE SHOULD BE RATED ABOVE A JOB
PERFORMANCE RATING OF 7. WELL WE KNOW
WHERE THAT LEAVES OUR MANAGEMENT AS A
WHOLE - 7 AND BELOW. SPARTANBURG COUNTY
HAS A LOT OF GOOD OUTSTANDING EMPLOYEES
WHO GIVE 110% EVERYDAY, WORKING DURING
LUNCH AND MISS LUNCH BREAK ALTOGETHER.
THE SUPERVISORS NOTICE BUT NO EFFORT IS
MADE TO GIVE THESE EMPLOYEES COMPENSATION
FOR THEIR TIME. THE GOOD PEOPLE SEEM TO LEAVE.

IT IS REALLY SAD THE DIRECTION OUR
COUNTY IS HEADED. I CAN ONLY HOPE THAT
PRAYERS WILL HELP!

Sincerely

Very concerned citizen
