Great. Who should I work with on the logistics of the Governor's visit. She will arrive at 10:30 AM and will need to depart by 11:30 AM on Wednesday, April 6th.

Not only do I love the fact that we can support the Mennonites before they leave, we can show the Governor BOTH sites – a before and after if you will. Let me know how I can help!

Good morning y'all.

Thanks for the note.

As a part of the governor's visit, we would like to have two videographers, who work with us, visit with the governor's team.

I will have additional guidance by the end of the day on whether we will formally advise the governor's visit and invite the statewide press corps.

Thanks again, and let me know what anyone needs from me.

Shwedo-

Are you ok with the Governor visiting this site on April 6th? I am looping in Rob so he can chime in here as to what the Governor would like for this visit to entail from a press perspective.

Nicole – Unfortunately, it does not appear we will get any dates or addresses from the Methodists for April. My contact for the Mennonites is on leave this week but says he will talk with his contractor and have an address for the Sumter worksite in the morning.

Hi Phleisha-

Just following up here to see if you have address for the Methodists or Mennonites that the Governor can visit on the morning of April 6th? Please let me know as soon as you are able so we can coordinate.

Nicole – we do. Thought it has been sent up last week. Will get back with you ASAP. As a matter of fact, I am having dinner with some that are leaving in Sumter on Thursday the 31st. Will ensure that we present some coins to those departing for all their help and support. Thanks
Kevin

Phleisha – please provide any info we have on Mennonite sites and date/times to Nicole. Thanks!

Sounds good. Do we have an address for a site that the Mennonites are working on?

Based up those organizations listed below – she will do the most good with either the Mennonites or the Methodists. I would only recommend that we hit the Mennonites first because we will lose a lot of them for “planting season” in the April / May timeframe. They will however be back after harvest. That said – either group will be great for the PR side of the house. Thanks!!!

Nicole – if we get a choice as to where the Governor goes, I would lean towards the “Faith-based” VOADs before the “Non-profit” organizations. I did not hit the reply-all button. Not wanting to start a controversy. Happy to share reasons when I get to the State House if needed. Thanks
