### **The Ravenel Bridge Project!**

**Senators Glenn McConnell, Ernie Passailaigue and Arthur Ravenel came to me saying that the Bridge Project was in trouble, if we can't change another Senator's Vote, we could lose the Bridge Project.**

**(Most of the Hate Mail and Phone calls, I presently receive are from East of the Cooper!)**

**At the time, there was 23 Senators voting against the Bridge along with the Lt. Governor!**

**One of the 23 non-supporters were my good friend Senator Maggie Glover, who also was a Member of the NAACP, they were against the Bridge being named after Senator Ravenel! So Senator McConnell, Passailaigue and Ravenel ask me to try to convince Senator Glover to change her vote.**

**Senator Glover changed her VOTE so, we were able to build the One Billion Dollar Ravenel Bridge. Approximately one million people cross the Ravenel Bridge each week!**

**So, this is why your Sick Racism and Hatred does not make sense, this also applies to the News Media.**

**We are all in the same Boat of Life, so we should learn to Love and Respect each other!**

**Thanks, Robert Ford  
Senator & Public Servant**
