---

We'd like to go back to Charleston before July 7th to do the MUSC things, visit with Molina Helathcare and Select Health as well as a couple of individual visits. I'll send along the other contacts, but I suppose we'll need to plan around MUSC. Let's make MUSC as efficient as possible so that we have an hour or so for the other visits (3 or 4). They all should be downtown, but I'll get all that to y'all.
