---

Hello,

My name is Diane and I'm with [GPSQuotes](#), a company that provides businesses with the ability to monitor their employees on the road while increasing productivity. Fleet management reduces fuel consumption as well as allows you to efficiently dispatch your fleet by utilizing real-time positioning.

Even if you already have a source for GPS fleet tracking, it's good to know what your options are as there are constantly newer and more advanced alternatives.

[Our site](#) will show you the most current options with the best discounts provided by highly reputable nationwide GPS software providers.

The following information will be needed in order to compose a [Quote](#) or proposal:

- Full Name
- Company Name
- Phone number
- Zip
- Fleet size

I encourage you to check out [GPSQuotes](#) today.

Best regards,  
Diane Anderson
