No -- this isn't a walk on the moon -- this is a walk on the beach at low tide at St. Phillips Island! A storm was rolling in and created the beautiful dancing effect of the sand across the broad beach!

Schedule your tour out to St. Phillips Island, from Hunting Island, soon:

Sand Across the Beach at St. Phillips Island

Diana Guenther Lackey Experienced this many times when I lived on Hilton Head. A big bonus was the free exfoliation. :-)
