

Dear Governor Haley

My name is Riley craft and I'm a 3rd grade student at Charles Pinckney Elementary School in Mount Pleasant. My class is studying the 3 branches of government. One of the questions on the test asked for the name of the governor. *Take a look at C. They asked for the his name and not her name! That really Offended me and I thought it would offend you. So I decided to send you the test along with this note for you to take a look yourself. We should not assume you are a man when Women can do what men can do. Just because SOMETIMES men are ~~sm~~ smarter than us girls does not mean they can call you ^{me} a man. I mean you are very very smart and need to be Respected.

I will always Respect you
From
Riley craft
Governor
