I have attached a copy of the remarks that you requested from Senator Rankin. They appeared in the Journal on January 31st. I was out of town this weekend and did not check my email, so I apologize that you did not receive these in time for your meeting yesterday.

I will be in front a group tomorrow, and I may get some questions on the pro temp transition. Your remarks concerning the absence of a constitutional question aren't yet in the Journal, and I wonder if you'd share them with me. Thanks a lot
