The Original Six Foundation was proud to partner with Pastor Neil of Trinity Baptist Church and Verizon to open The Meeting Street on Main. This will be a welcoming place that will help the unemployed learn skills, use technology, partner with jobs, learn how to write resumes, access interview clothes, and find help with any other support needed. We have announced over 900 jobs in Union County. Unemployment has dropped from 17% to 7%. The Original Six will continue to go into these rural counties to lift people up with skills and tools to improve their lives. Thank you to the sweet people of Union County!
