What Mike does is provide a wonderful way to introduce the wonders of our beautiful oceans to many children. Their wide eyed enthusiasm and unadulterated joy is so important to them and their parents. Kids that might be the future oceanographers or world scientists may have their beginnings on the beaches of my beloved South Carolina.

Mike's work benefits so many on so many different levels. Not only should we enable him to continue, but we should assist him in every way possible. Please give his cause careful consideration.

We love the Shark Tooth Fairy. Although we have not attended a hunt yet both of my children age 3 and 4 enjoy seeing the hunt updates on Facebook and plan on attending a hunt in the future. Its educational and a family activity which are two things most needed in America today.
