Geraldo Rivera said Friday that his sources tell him the U.S. was involved in a secret mission in Libya to arm the Syrian rebels, which was the reason for the initial secrecy about the attack in Benghazi.

Rivera said on "Fox & Friends" that Republican presidential nominee Mitt Romney may have been briefed by **then-CIA**

Director

David Petraeus “to suggest that there was a secret mission going on there, that we can’t go there, we can’t talk about it.”
