Free Webinar How to Resolve Common Nursing Home Problems

When: Tuesday, August 4, 2015 11:00 a.m. PT/ 2:00 p.m. ET

Many common nursing home practices are, in fact, illegal. In order to receive the best possible quality of care, a resident or resident's family member should be familiar with the protections of the federal Nursing Home Reform Law, and understand how to use the law effectively.

This free webinar, with Directing Attorney Eric Carlson, will detail the most common problems that crop up—from evictions to excessive medication—and provide practical, clear tips to help family members and advocates navigate solutions.

This webinar complements the re-release of an updated version of our popular guide, ***20 Common Nursing Home Problems and How to Resolve Them***. Look for it on our website starting on Thursday, July 23, 2015.
