Hi there! We were at a wedding last night at the Lace House and left behind a red lunch bag by accident. Is there a number we can call to find out where it might of ended up? There are car keys inside so it's a bit of an emergency. Thank you!

Hi Stina - we do not have anyone onsite today, but I will check with our team members who closed last night to see if they saw it! I'll let you know as soon as possible. Do you possibly remember where you may have left it?

Thanks,  
Sarah

Thank you! It was left under table 14, which was in the back of the tent near the large gate

We're still in town and happy to go wherever we need to retrieve it

Unfortunately none of our team members saw it last night. However, the caterers who handled tear down might have seen it! Here is a number for you to reach them:

Jesse Bullard, Southern Way Catering  
Office: 803-783-1061  
Mobile: 803-553-1459
