### 57 Certification

In order to be utilized as a legitimate minority business on South Carolina State contracts, minority business enterprises must be certified by the Office of Small and Minority Business Affairs (OSMBA). As part of this certification process, OSMBA receives and processes applications to be registered as a minority firm in accordance with Section 11-35-5230(B)(3), sponsors and participates in statewide initiatives to identify new businesses to apply for certification, and fosters a better understanding of the importance of becoming a certified minority business. OSMBA also maintains a directory of certified firms, detailing products and services they provide, which is made available to agency purchasing personnel. The names of all certified firms appear in the MBE directory, an online free reference publication that is widely distributed to all state agencies, local governments, the contracting and business communities and the general public. OSMBA may revoke the certification of any firm which has been found in violation of the guidelines.

**Expected Results:**

Serve as the point of contact to guide agencies in the development and implementation of an MBE program to increase their staff understanding of the process and their utilization of certified firms in contracting opportunities. Increase in the number of contracts awarded by agencies to certified minority firms. Serve as the point of contact for businesses requesting procurement opportunities information. Provide one-on-one consultations for agencies, businesses and the general public. Increase in the number of contacts with minority firms in all regions of South Carolina to advance their awareness of the State's procurement process and the importance of OSMBA's certification program. Develop a statewide network of resources for MBEs, agencies, contracting and business communities, and the general public.

**Outcome Measures:**

During FY 05-06, OSMBA staff participated in 10 major programs for small and minority businesses. Additionally, staff examines quarterly agency reports submitted to OSMBA that documents the agencies' procurement awards to certified minority firms. Tracking of OSMBA activities to record the number of new applications received, certifications issued, consultations, telephone and written inquiries received and responses issued monthly. Increase in the number of OSMBA sponsored events, including trade fairs, training seminars, and participation in business/community outreach programs speaking engagements

**1541 Morris Island Lighthouse**

This activity provided part of the funding for the costs of stabilizing and preserving the Morris Island Lighthouse. The Morris Island Lighthouse, constructed and first illuminated in the 1870s, is presently standing in water 1600 feet offshore of the northeastern end of Folly Beach and in danger of collapse. Ownership of the Lighthouse was transferred to the state through the Heritage Trust Program within the Department of Natural Resources (DNR). DNR leased the Lighthouse to a private non-profit conservation group, Save the Light, Inc. (STL). Under the lease, STL is responsible for raising private funds for the project and for insurance and maintenance on the Lighthouse when stabilized and preserved. In the FY 2004-2005 General Appropriation Act, responsibility for the Lighthouse and a previous appropriation of \$500,000 for the stabilization and preservation project were transferred from DNR to the Budget and Control Board. 2004 Act 248, Part IB, § 72.101 and its successors 2005 Act 115, Part IB, § 72.91, and § 73.18(B)(16)(b) and 2006 Act #397, Part IB, § 72.83.

**1278 Research & Policy Development**

The Research and Policy Development team provides tourism marketing and economic research to internal and external customers. The team also provides support and strategic policy recommendations to the agency to further the agency's mission to improve the economic well-being and quality of life in South Carolina. Code Section 51-1-10 - 51-1-310

**Statewide Result Area:** Improve the conditions for economic growth

<b>FY 2006-07</b>						
<b>Total</b>	<b>General Funds</b>	<b>Federal Funds</b>	<b>Supp. Funds</b>	<b>CRF</b>	<b>Other Funds</b>	<b>FTEs</b>
\$252,122	\$252,122	\$0	\$0	\$0	\$0	3.00

**Expected Results:**

The Research and Policy Development staff maintains a comprehensive array of reports on the SCPRT website. Annual research reports in FY2002-03 include the Economic Impact of Travel and Tourism (statewide and by county), Domestic Travel in South Carolina, and the Expenditures of Annual Accommodations Tax Revenues (by local government). Quarterly business indicators, including accommodations and admissions tax collections, tourism-related gross sales receipts, hotel operational statistics, airport deplanements, and hospitality/leisure employment, are analyzed in the South Carolina Travel Barometers.

**Outcome Measures:**

Monthly statistics are posted for accommodations and admissions tax collections and hotel occupancy statistics.

On average, 17.4 unique visitors per day come to the research home page on the SCPRT website. Additionally, SCPRT's research staff responds to an average 1.2 requests per day for direct assistance, primarily from destination marketing organizations and local governments. In a survey of these customers, virtually all rated the research information and service they received as excellent (81%) or good (19%).

**1279 Tourism Community & Economic Development**

This program area's purpose is to attract and facilitate new and expanding quality destination tourism developments in the state, as well as to develop grassroots initiatives that use natural, cultural, and historic resources to provide economic development through tourism. **Expected Results:**

This program works to increase tourism capital investments, development of projects managed, and value of grant allocations for tourism in SC.

**Outcome Measures:**

In 2005, new construction in Tourism & Recreation facilities in South Carolina totaled over \$500 million. The Business Development Program was involved in tourism-related economic development projects that accounted for \$183.4 million in capital investment during the calendar year 2005, assisting 15 companies or developers of tourism-related economic development projects considering new locations or expansions in South Carolina.

**1280 Heritage Corridor & Discovery Centers**

Much of South Carolina has potential for heritage tourism development. Currently, the most advanced heritage tourism development project is taking place in the South Carolina National Heritage Corridor. The Heritage Corridor was designated by Congress as a National Heritage Area in 1996, one of about two dozen such areas in the country. The Corridor consists of 14 counties and over 250 miles, divided into four distinct regions. The corridor stretches along the western border of the state from Charleston to the mountain foothills. The agency in partnership with the S.C. National Heritage Corridor Board opened a Discovery Center on the Clemson University Campus. This Center has interpretive exhibits showcasing the natural, historical, and cultural resources of the S. C. National Heritage Corridor. Code Section 51-1-10 - 51-1-310

\$1,413,220	\$175,000	\$1,238,220	\$0	\$0	\$0	0.00

---

**Expected Results:**

For FY 06-07, the Heritage Corridor was in its ninth year of federal funding following Congressional authorization in 1996. The amount of awareness of the program is important as residents and stakeholders within the 14 counties become knowledgeable about the opportunities for them to participate and to support the Corridor's development. The program is based on grassroots involvement; therefore the number of times individuals participate in Heritage Corridor programs and events is significant, as is the visitation for the Heritage Corridor Discovery System, which had its first full year of operation with the Fran Hanson Discovery Center at Clemson. Grant funds support Corridor projects and indicate product development growth within the Corridor and the opportunity to leverage local funds.

**Outcome Measures:**

The Heritage Corridor program tracks the amount of grants approved that support the development of tourism within the corridor.

Complaint Analyst will process and mediate written consumer complaints seeking to find equitable solutions for the consumer and the business, including refunds, adjustments and credits to consumer accounts. The Consumer Services Division typically recovers more money on behalf of consumers of the State of South Carolina than its cost of operations. Refunds, adjustments and credits totaled \$1,024,936 for FY 06. The Division also takes on such nonlitigation matters which benefit consumers, such as fielding customer calls, providing advice to other state agencies, referring complaints to other agencies, providing consumer education and outreach activities. The Division implemented a new consumer awareness program known as buyer beware in FY04. The buyer beware list is posted on the Agency's Web page for all businesses that do not respond to consumer complaints. The Division will continue its outreach efforts through visitation and consultation with consumers at six satellite locations on a monthly basis. An after hour service program will be implemented to serve consumers and taxpayers that are unable to reach us during normal business hours. This program will provide after hour educational forums and individual consultation.

**Outcome Measures:**

The Consumer Services Division conducts a comparison of year end program results on a number of key indicators such as: the amount of refunds and adjustments achieved for consumers; the number of closed complaints; the highest and most prevalent category of complaint; the number of complaints filed by consumers in the 46 counties of the state; the percentage of complaints closed as satisfied, unsatisfied, abandoned, and referred to other agencies; the number of consumer assisted telephone calls received; and the total number of telephone calls received.

**1780 Boiler Inspection Program**

It is unknown at this time how many Boilers will be registered by this program. Current estimates are between 12,000 and 15,000. These professions are regulated to make sure that some minimum level of skill is met to support public health and safety. The POL program was established to oversee the administration of licensing programs which have quasi legislative and judicial functions. They promulgate regulations and adopt a code of professional ethics. They also determine the eligibility of applicants for examination and licensure, evaluate and approve continuing education course hours and programs and discipline licensees. The provisions of this activity are governed by Title 41, Chapter 14 of the SC Code of Laws.

**1430 Labor Market Information Department**

The Labor Market Information (LMI) Department is responsible for a wide variety of statistical and analytical programs in association with the U.S. Bureau of Labor Statistics (BLS), the Employment and Training Administration (ETA), and numerous outside contractors. LMI provides economic data that includes information on industry and occupational employment, and earnings; labor supply and demand; projections; labor force data; and wage statistics. LMI conducts monthly and yearly surveys in segments of the state's business sector to verify and update information of their locations and operations. Results from these surveys enable LMI to produce data that can be used to measure changes in the state's labor market and assist with economic planning. Workforce development service providers, one-stop workforce centers, businesses, individuals, the state, counties, educators, economic developers, and many others use data from the LMI program.

The ultimate aim of the LMI Department is to provide comprehensive, quality labor market information in easy to use and highly accessible formats that meet the diverse needs of public and private customers to aid in better decision making. In meeting this objective, the department will maintain and improve data collection techniques where possible and financially feasible. The department will also continually improve data analysis and provide more readily accessible venues for our users.

**Outcome Measures:**

Outcome measures will include successfully meeting all federal program deliverables. The customer service assessment process (mail surveys, web surveys and unsolicited feedback) will include follow up contacts in person as well as by phone. Enhanced web presence will be measured by the increase in web traffic by 25% annually. Increase in the number of LMI presentations to local users.

**1431 Unemployment Insurance (UI)**

The Unemployment Insurance Division is responsible for assessing and collecting unemployment insurance taxes on employers in South Carolina. These taxes are collected to administer the Unemployment Insurance program in this state. The program oversees the filing of claims for unemployment compensation and the payment of benefits. The Division makes determinations of eligibility for benefits and conducts all hearings for appeals in those cases where appeal requests are made. The Division is responsible for assuring that benefits are paid accurately and timely. It is also responsible for setting up and collecting any overpayments that are made in error. The Division also monitors all programs through its Quality Control Unit in assuring compliance with procedures and policies. The UI Technical Service Unit is responsible for training employees and writing procedures and policies.

of each state and their rank within the other states. These indicators measure the timeliness of first benefit payments, the timeliness and quality of nonmonetary determinations, appeal decisions, the timeliness of status determinations for employers and timeliness of cash management. There are also fifty-nine Tier II measures that break down the Tier I measures even further. SC has always fared well within our region and nationally on almost all of these measures. Lower Authority Appeal timeliness has led the nation for several years.

**Expected Results:**

SCOIC will continue to offer a compile career development program from assessments of interests, to exploration of occupations, to identification of educational training opportunities. During the past fiscal year, SCOIS was provided to individuals (K-Adult) in 530 sites in every county of the State in middle schools, high school, colleges, and universities, Vocational Rehabilitation sites, One-Stop Workforce Centers, libraries, etc.; 266176 pieces of career development print materials were distributed; and 1416 individuals received career development training.

**Outcome Measures:**

SCOIS has served SC for the past 28 years. The success of SCOIS can be measured through the longevity and widespread use of the system throughout the State. Increasing the number of SCOIS sites and number of accesses are goals for the fiscal year. Continuing distribution of career development printed materials and providing training are also priorities.

The SCTIB's sole purpose is to provide financial assistance to major transportation projects. The SCTIB has approved funding for over \$3 billion in projects with over \$2.4 billion in expenditures through June 30, 2006 (SC Code of Laws 11-43-110 through 11-43-630).

**Statewide Result Area:** Improve the conditions for economic growth

FY 2006-07						
Total	General Funds	Federal Funds	Supp. Funds	CRF	Other Funds	FTEs
\$62,000,000	\$0	\$0	\$0	\$0	\$62,000,000	0.00

**Expected Results:**

Expenditure of funds for projects approved by the SCTIB Board, with completion of several projects expected during the fiscal year and inception of others. Total project funding is limited to committed amounts. In addition to the \$62,000,000 budgeted from "Other Funds", the SCTIB expects to expend bond proceeds for the funding of approved projects.

**Outcome Measures:**

Completion of projects on or before scheduled completion date and within budgets to improve transportation in the state by enhancing mobility, safety, and economic development. Requires coordination with SCDOT to ensure timely project management and completion.
