Subject: RE: VA program update - WIS request

LaDonna,

Yes, I am ready. I have a general idea of where we are going. Some things are still in process, but we are moving forward.

Shannon is no longer with us, so please send any e-mail to me.

Thanks.

Subject: VA program update - WIS request

Hi everyone,

I hope you all are doing well.

Are you ready to go on camera to talk more about where the Directed Home Services VA program is headed now that it was agreed on to continue? If not now, do you know when you would like to go on camera with more details ... a possible timeline of when things are expected to be finalized?

Please email as soon as you can. Thanks!
