Subject: RE: Governor's Carolighting

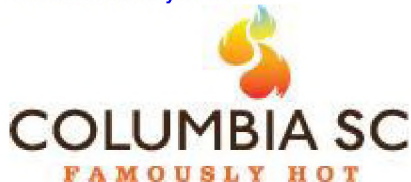

I was able to have a brief conversation this morning with one of the partners at Flock & Rally and they are interested in the possibility of helping the CVB with this event. After I receive the revised document that indicates which entity has been responsible for each element, I will generate a quick scope of work that I can send over to Flock & Rally so they can get me a proposal and cost estimate. If we can agree on scope of work and terms, we may be able to move forward pretty quickly. Any information on y'all can send over to me would help greatly in generating the scope of work.

The December 1st date works with our office and with Flock & Rally's calendar as well. We do not see any similar events that would draw attendance away from this event.

I look forward to our call tomorrow. Let me know if I can do anything in the meantime! Thanks so much.

Kelly

Yep, we are good to move forward with Flock and Rally.

Thanks!

Amy, Katherine and Haley,

Thanks for a great meeting today. We are excited about the partnership. I briefed Bill Ellen this afternoon and he is on board with me reaching out to Flock and Rally to ask if they would be interested in considering the event planning assignment if that is something I have the green light to do from your perspective. If there is any issue with this, I will hold off or propose additional planners for consideration. www.flockandrally.com

I am checking a few more sources on the date but as of right now I do not see any conflict with other Columbia events taking place on Monday December 1. I can confirm that tomorrow morning.

I'll be in touch. Thanks!
