

Dear Mrs. Haley,

My name is Dan Carrier and I am here in Ohio and I am currently attending school here in Ohio. We recently did papers on states other than Ohio to get more knowledge outside of our state. We give a final report at the end of the year and we get to bring in different things representing that state. Myself going to ball games as a little kid I started collecting autographs and have a great collection that I like to show off to my friends. I thought a great idea would be to incorporate my hobby with this project and see if I could bring in some signed photos of you! I included a SASE and photos if you could please sign them? After the project I look forward to adding these to my collection. Thank you so much!

Dan
