Subject: ABAWD Data

Attachments: SNAP Data_Sept 2015.xlsx

Holly,

Attached is the data you requested re: SNAP cases (households), clients, entries & exits, ABAWDs, SNAP Employment & Training (E&T) participants, and sanctions. We believe this is the best possible estimation available given the limitations of CHIP and our inability to easily do ad hoc reports from it.

"E&T Participants" is the total number of people participating that month in E&T. This is pulled manually each month from the SNAP E&T database, and they cannot access historical data.

The columns showing "current sanctions" is a count of newly sanctioned clients from that month, while the "total sanction" column is the total number of clients who were on sanction that month.

We were unable to pull the number of renewals by month. I'm going to ask program staff if they can give me an estimate of how many renewals are completed each month, and will send you that as a ballpark.

Hope this helps - please call or email if you have questions.

Amber
