Ken, what exactly does this represent?

Lieutenant Governor's Office – Senior Service Administration – Classified Positions \$11,700

Danny,

The adjustment to the general funds is in the recurring Appropriation Act classified under Administration for Unclassified Positions and Other Operating. The Lieutenant Governor's Office – Administration will move a total of \$99,434 from Administration to:

Lieutenant Governor's Office – Senior Service Administration – Classified Positions \$11,700
Lieutenant Governor's Office – Office on Aging Assistance – Aid to Other Entities \$87,734 – this is for the state match to drawdown federal dollars to provide services to seniors for federal grants.

This realignment of the existing recurring budget reduced the amount of the original budget request for Fiscal Year 2019. Catherine McNicoll assisted in the determination and getting the necessary approvals to submit the request to realign the budget. I greatly appreciate her time and coordination to make this budget realignment. I will agree with Catherine that she is a little more conservative than I; however, based on all of the information we reviewed, the Administration will have sufficient funds to operate under the current structure easily. This adjustment will be recurring for future Appropriation Act.

As a visual, I have attached the Fiscal Year 2018 Appropriation Act and made the adjustment for Fiscal Year 2019 to show what it would look like with the adjustments. As a comparison, the Administration total budgets from Fiscal Year 2016 to 2019 are as follows:

FY'16	428,153
FY'17	430,197
FY'18	441,897
FY'19*	342,454

The FY'19 budget adjustment has been submitted to the Executive Budget Office for processing. If you need any additional information, please let me know.

Thanks,

Ken Burton

Thank you for the information. Do you have details on what the money will go toward specifically? Was the money leftover funds or what was it designated for originally?
I appreciate your time. Thanks!
LaDonna

Columbia, S.C. - Lieutenant Governor Kevin Bryant appeared before the Senate Finance Health and Human Services Budget Sub-Committee today to announce that the Lieutenant Governor's Office has identified nearly \$100,000 in its budget to transfer from agency administration to the direct service of South Carolina's seniors.
"

"I am honored to work on behalf of South Carolina's one million seniors age 60 and over, the approximately eight hundred thousand non-paid caregivers, and the other outstanding partners in the South Carolina Aging Network," said Lieutenant Governor Bryant. "It also is an incredible honor to work with the men and women at the Office on Aging who have found ways to better utilize taxpayer resources on behalf of the people of South Carolina. As a direct result of their efforts, we have been able to put nearly \$100,000 more of the taxpayers' money to work directly serving seniors instead of paying for administration.

Today and every day, we remain devoted to stretching taxpayer dollars to serve as many seniors as possible and to help them stay at home where they want to be and where their loved ones want to keep them."
