## South Carolina State Parks

at 23:30:01 on 4/27/2015 UTC · 🌐

Just in time for our Totally Turtles event, we've spotted this leatherback sea turtle off the Myrtle Beach State Park pier for three days in a row. These turtles can grow to be up to 1,000 pounds and eat jellyfish. Come learn more about the leatherback and other turtles during our Totally Turtles event this Saturday from 10 a.m. to 2 p.m.: <http://bit.ly/TotallyTurtles15>

**Freida Ghent** I want to see them.....someday!

at 23:55:06 on 4/27/2015 UTC

**Jane Merrill-Emery** I hope to camp there one day.. its a beautiful park

at 0:01:24 on 4/28/2015 UTC

**Pam Mitolo** i luv the turtles. used to nest watch all the time when i lived in HHI

at 0:32:47 on 4/28/2015 UTC

**Mary Gregor** If they eat jellyfish then why do we have a processing plant and want to open another to catch, clean jellyfish and send them overseas?????
