

Dearest Nikki, the Honorable 3-6-'92

I have written you once, <sup>Governor Haley</sup> addressing you as "Governor Haley". This time I wish to be more personal, and simply say "I love you!" Jim, my husband & I drove from Sun City, Bluffton, S.C. to Columbia for your inauguration, and met you personally at the State House. What an awesome experience! <sup>This said in former letter</sup> Also we so enjoyed seeing your precious children, you and your handsome and wonderful husband at "Fun Night" the night before. Jim & I still "bask" in the wonderful experience.

Now, I wish to say, having just finished reading your book "Love is not an Option," Nikki, you are a brilliant lady! What an honor and blessing you are to our State and all of us who love you devotedly, and entrust ourselves to you! I think only you could have reached the hearts of South Carolina so positively. We think you are real in heart and soul. We are sure of this. May all these words uplift you today, our precious Lady Governor. Hail to S.C., my Mother's "birthstate", and now mine too! God's many, many blessings continually, Joanne Davidson Inniss upon you, Michael & the children
