Subject: Will you pledge your support?

Katherine,

The time is now. Presidential Election Year 2016 is *finally* here.

Our chance to replace the disastrous agenda of Barack Obama with real solutions to the many daunting challenges America faces is almost upon us.

Katherine, in less than 30 days, the first Republican primary voters will go to the polls to decide which GOP candidate will face Hillary Clinton with the future of our country on the line.

Katherine, I know that I'm the best Republican candidate to defeat Hillary and her massive political machine in November -- but before we get the opportunity, we must win the early Republican Primary and Caucus contests right now.

I need to know - Will you stand with me in 2016? If so, will you pledge your support right now?

This is it -- the next three months will decide the future of our nation and what path we go down. **Will you choose another four years of Obama? Or will you vote for me and a New American Century?**

The next 90 days of primary voting which will determine whether Hillary will face a candidate *who can* actually beat her, or whether the general election will be a simple formality ensuring a Democrat win and a "third term" for Barack Obama. The stakes are THAT high.

That's why I'm asking for your urgent support today.

My promise to you: Over the next three months, I will work tirelessly to communicate my message of commonsense conservative solutions to the difficulties we face as a nation and bring about a New American Century of revived freedom and prosperity -- but I need you to keep pace every step of the way.

Will you please step forward right now and **make the indispensable commitment that will ensure I have the resources I need to effectively reach GOP primary voters with my winning message over these next three months by accepting my Three Month Challenge?**

Your commitment to a monthly gift for January, February, and March will give my campaign the assurance of having the funds we need for the maximum effort required to compete for every primary vote -- and emerge victorious.

Plus by giving online, it helps my campaign save fundraising costs so we can put it directly into our on-the-ground efforts in the early states.
