**scstateparks** Well, we can see what the animals have been up to while the parks have been closed! But what about our park rangers and staff? Head to the link in our bio to see see "What We've Been Up To" during this closure. 📍 Sesquicentennial State Park

**krelldebra** Went by Sesquicentennial today. It was my stopping ground as a child. It's changed a great deal in the 50, or so years since I was there. Swimming, walking, cook outs, etc. were what my family would do there.
