South Carolina State Parks

at 16:18:47 on 8/03/2010 UTC · 🌐

TUESDAY TIDBIT! Three cheers for state park volunteers! We rely on volunteers in many ways. At Paris Mountain State Park, there are 2 staff interpreters, plus one volunteer, at every single school program (where 4,000 students/year participate). Volunteers at our programs help students measure water temperature and pH, lead classes and take pre-visit kits to schools to help students prepare for their field trip. In the picture, volunteer Violet Stephens assists at a Nature Detective camp held in July, where children determine the water quality by taking measurements and finding animals in the creek. Volunteer Scott Withrow offered his photographer talents by taking the picture. Program volunteers might be retired teachers, amateur naturalists, and others who want to share the wonders of nature with kids. Does this sound like you? To get involved, contact the park nearest you.

Tricia Hicks Kyzer I love Paris Mountain State Park!
