This is Buddy, our resident Terrapin at Hunting Island State Park. Why does she look like a Koopa Troopa from Super Mario? Our Program Specialist, Amanda Wood, knitted Buddy this awesome "sweater." When Buddy's tank is cleaned, they let her roam on the floor of the nature center. Sometimes she is easy to lose against the wooden floor and visitors trip over her. With the sweater, there's no chance in that! Just goes to show you how inventive and creative our employees are!

Kit McFarland What a cool thing to do! <3

Lisa Kovalanchik Buddy loves to walk around the room and it's good exercise for her. Terrapins are also fairly curious so she has a great time wandering around! No "poor turtle" here - she leads a great life :)
