Dear ADSSP and ADI-SSS Grantees and Collaborative Partners,

We are pleased to share with you a new resource: *Promoting Community Living for Older Adults Who Need Long-term Services and Support*, authored by Jane Tilly, DrPH. This policy brief:

- Argues that many states could be reducing older adults' use of nursing homes by providing more home and community-based services to them when they have disabilities
- Summarizes the evidence about the effects of providing more HCBS
- Offers recommendations to states
- Describes the special circumstances of older adults with dementia

The policy brief is attached to this email or can be accessed with the following link: [http://www.acl.gov/Get\\_Help/BrainHealth/docs/Issue-Brief-Promoting-Community-Living.pdf](http://www.acl.gov/Get_Help/BrainHealth/docs/Issue-Brief-Promoting-Community-Living.pdf)

Thank you,
