Moe,

This sounds great. Seriously, thank you for thinking of me. Put me down as a yes, and pending any last-minute emergencies at work with the end of session, I will be there.

See you tomorrow,

Rebecca

Hello Rebecca,

It is a group that me and eight other guys put together. We try to get the motivated young professionals (30-40 future leaders of the state in my honest opinion) together once a month (thus "The Monthly Meeting") to network and to hear a speaker. The speaker is usually someone from the state or has been here a significant time. They speak on their personal story, advice to young professionals, ways that we as YPs can help Columbia and SC grow, and we finish with a Q&A sessions. Some of the speakers we had are Jim Newsome, Bobby Hitt, Alan Wilson, Joe Taylor, Chuck Garnett etc... We have initially keep the group somewhat low key. We want to be effective not necessary seen.

If you are interested, I will continue sending you the invite to our future meeting. I think you would definitely add to the great conversations that we have. Let me know your thoughts.

Thanks,
Moe

Moe,

Thank you for including me. It's the last day of session, but I would like to make it if possible. Which group is this for?

Thanks again and have a great day,

Rebecca

Importance: High

All,

I am excited to remind you of The Monthly Meeting on June 6th, at The Palmetto Club from 5:00pm – 7:00pm.

This month we are proud to have Deepal Eliatamby, CEO of Alliance Consulting Engineers, as our speaker. Deepal has been a huge asset to the Columbia area and the state of South Carolina since coming here to attend the University of South Carolina. Deepal has an incredible story to tell that seems to get better every day with new accomplishments happening so frequently. Alliance Consulting Engineers has been involved with many of the major economic development announcements in recent years. This involvement has allowed Deepal unique access to the frontline of job creation and capital investment in South Carolina. This Monthly Meeting offers us a special opportunity to see how private and public entities work together to increase the quality of life for South Carolinians. To learn more about Deepal before Thursday's Monthly Meeting, please see http://www.alliancece.com/who_we_are/news/MidlandsBiz.php

As always, this is an *invitation-only* event and our audience is specifically invited to enhance the experience. This email serves as your invitation. No need to print, **but please RSVP**. Out of respect for our speaker, we ask that you arrive no later than 6:00pm.

Look forward to seeing you there!
