You are correct, but, Dale was not in when it was due. Therefore, you are the last default. You have to approve for it to go back to Dale.

Yes, but the default needs to be Darryl. He's their supervisor, not me. Please have them fix that.

Hey...

I spoke to Ruchelle regarding your email. These names have been forwarded to you by default. When a manager does not approve by the payroll deadline, it will automatically default to the next authorized approver, and so on. So, TAG you're it! All you need to do is to "approve"... at this point, your approval will not "actually approve the employee" for payment or leave, but will allow it back into the system for their supervisor's access. Got it????

Please call Ruchelle and/or Darryl to see if they can fix this in SCEIS. I have approval for several people that should be Darryl's. Thanks
