Hi - I was just sent a 2013 news story where the Governor cites bruises from a "day care provider" who "packed up & left, so they never got to deal with it". Can you please get me a little background? Was this an in home provider or a center? Also, the mom of Kellie Rynn Martin, 3 month old who died on feb 21, asked me if the Gov would speak with her about what happened to them - she DOES NOT blame DSS and has said so publicly, she blames existing laws & is trying to get some word out to parents & law makers. I can get you with The Martin's if the Gov would consider meeting with them. Thx!
