**Subject:** School Walk-out and student respect for Stoneman Douglas

---

Dear Kevin L. Bryant :

The Governor has no email I can send to.

Thank you for providing one.

I have no idea your view BUT I was just appalled that your Governor would have such a response to the Student NATIONWIDE Walk-out and respect for dead students.

My grand children live in South Carolina.  
I am petrified for them.

Left, right, blue, red, conservative, liberal.... OH COME ON !  
Dead children is not a political issue !!!! Look at those babies faces !

Students at Marjory Stoneman Douglas turned their fear and grief into a march on America to stop this horrible violence with military style assault weapons of mass destruction.

AR15 and similar assault weapons have no place in America. I don't care who you are .people who think they do are simply nuts. "Since 2007, at least 173 people have been killed in mass shootings in the United States involving AR-15s, according to a New York Times analysis. The grim list includes crimes in Newtown, Conn.; Las Vegas; San Bernardino, Calif.; and now Parkland, Fla."

They had no place after Sandy Hook and no one did anything!  
They had no place after Las Vegas dear God... 800 shot in 11 minutes.  
It won't stop until someone stops it. Our President and Government do nothing!!!  
Yet other countries acted after the first mass murder and stopped the madness.  
Why do the people we pay in office do NOTHING?

I really don't care who it is, but with the Republican party zip mouthed and siding with NRA... I have sure changed my voting preference.

They won't discuss it with anyone AND your Governor says that the Walk out with signs and begging please don't kill us next... end this horrible massacre violence like other countries have done. And he said that was SHAMEFUL.... if my grand children are murdered, I will hold him personally responsible.

Though I am Florida, I am ashamed anyone ever elected him into office.

THE DEATH OF OUR BABIES IS NOT POLITICAL... get it out of your system.

Thank you ! I pray your view is different.

Cheryl Munford  
Jacksonville Florida,  
Grand children in school in Lexington !
