Governor Haley,

So how does it feel to be elected to the highest office in the state for a second term? I want you to know I am very proud of you and I'm very confident that you will achieve all of your goals in the next two too three years in office.

Old Shehen got sort of nasty with you towards the end, but that is alright I'm sure he will pay a heavy price in the end. Do you remember what happen to another elected official that made a negative emark to you about being of East Indian descent. He got voted out of office. That is what happens when you mess with those God has chosen to lead. He will get your revenge.

I guess you noticed they even used the Confederate flag against you, also the third party joined him against you. Nothing and I mean nothing they used to take you down worked in their favor. It helped show how desperate they were to find a way to win, but God was on your side and He will remain on your side. May God bless you always!

Sincerely Yours!
