Good afternoon members—

This is a reminder notice that NASUAD is hosting an all-state call tomorrow at 2-3 p.m. Eastern Time to discuss the HCBS rule and to begin to collect your questions and feedback on the proposed rule. As you know, CMS issued the Medicaid Home and Community-Based Services (HCBS) settings final rule (CMS-2249-P2) last Friday. Under development for the past several years, the final regulation addresses several sections of Medicaid law under which states may use federal Medicaid funds to pay for HCBS. In particular, the rule establishes requirements for the qualities of settings that are eligible for reimbursement for Medicaid HCBS provided under sections 1915(c), 1915(i), and 1915(k).

The final rule addresses several NASUAD member concerns, while leaving some areas in need of further clarification.

We encourage you to view the final rule, which is available [here](#) until its publication in the January 16 Federal Register. In addition, please find several fact sheets on the new rule attached to this email. CMS will post this information on <http://www.medicaid.gov/HCBS> later today.

NASUAD All-State Call. NASUAD is planning a to host an all-state call on **Friday, January 17** to further discuss the rule and its potential implications for states. More information is forthcoming, but please hold the following date and time for a NASUAD-hosted all-state call:
