Gentlemen:

For more than fifteen years, I have been the owner of property with access to public highway 321 in Scotia, SC by way of an easement and Grade Crossing located as specified above and further referenced by your number 2275S5306038. My predecessor in title informs me that long before he owned the property, the grade crossing existed and was serviced and maintained by your railroad. My property is now LAND LOCKED and I am unable to legally access it by motor vehicle for its beneficial use.

I am not making application for a new grade crossing; I am demanding the replacement of what was improperly removed. Further action in this regard awaits the promptness of your reply.

Very Truly Yours,

Nickey B. Maxey, as parent and attorney in fact for Colton B. Maxey a minor
