The best places to camp! And take hikes! We are now Ultimate Outsiders, and are ready to do it all again! Love our parks! We try to go to one every week with our five dogs. We recently got our t-shirts in the mail, and were pleasantly surprised when they also included bandannas for our pups. Every park ranger truly welcomes us at every park even with all the doggies. It's hard to find places you can take five dogs, especially on vacation!
