Subject: "Charleston loophole" statement

Chaney,

I'm a new reporter with SC Public Radio based in Charleston. I'm doing a story for the anniversary of the Mother Emanuel shooting. I am including in that story where the state stands on the so called "Charleston loophole". I know Gov. Haley had made a statement a few weeks ago on the topic. Can I get that statement? I have included some advocates of the bill to expand background checks and I would really like to be able to include Gov. Haley's position to make the story more balanced.

Thanks,

Alexandra Olgin
