Hi Katherine,

Thank you very much for coming to speak at our Peer Leader Recognition Event on Wednesday November 14th. We really appreciate you taking the time out of your busy schedule to attend and speak to the students. We enjoyed your message of Be Great within the roles as peer leaders and beyond. I am glad a student was also able to connect with you soon after for opportunities to possibly network with the State House!

I hope you had a fun time. I appreciate your flexibility to speak first because of your prior commitments. If there is ever anything we can do for you, please let me know. Thank you and have a great weekend!
