OK, thanks. Is there a particular floor or room number I need to know for Thursday?

Thanks Christian. Grateful for your support in moving this forward. I'll make these changes before we send on.

Also, we will be having lunch with Megan and Nirav along with Gage Weekes of the Hollingsworth Funds, Inc. after the Social Impact Finance Working Group on Thursday at the Palmetto Club. If you can get away for few minutes to chat with them, please feel free. Otherwise, I hope you will be able to come by it-oLogy at some point on Thursday to meet them.

Best,
Joe

Thanks...I'd strike "Executive" from references to "Executive Office of the Governor," to conform to standard use.

On page 4, where we discuss the level of support, I think we can probably make a bolder statement in terms of the executive sponsorship for this initiative – this should hopefully help our application a little. So I'd replace the current passage on my title/role with this:

Christian Soura, Deputy Chief of Staff to the Governor for Budget and Policy, is the author of South Carolina's annual Executive Budget and has actively participated in the efforts of the Department and

the Institute of Child Success to investigate applications for Social Impact Bonds in South Carolina. In Pennsylvania, he served on the Department of Public Welfare's "PeopleStat" board when that group launched performance-based contracting for Pennsylvania's managed care organizations and other vendors.

Other than that, I'm good. Thanks again for all your work on this.

Importance: High

John and Christian—

Please see most recent draft of the Harvard SIB lab application. John and I had a very good call today with Dr. Liebman and spoke about our application. I have made some changes accordingly.

Please let me know if you have any further edits or if you think we are ready to send.

Thank you-
Joe
