Columbia, SC 29201  
United States

Dear Governor Haley,

**SUBJECT: Relocation Assistance for Tech Company**

Greetings in the name of the Lord Jesus Christ!

An article, "*Land of opportunity woos Indian investors*," in TheHindu motivated me to write to you.

I am an inventor and entrepreneur from India looking to relocate my tech company to the United States. I got my master's degree in Computer Information Science from NJIT in 1994 and worked both in the US and India as a Software Engineer/Architect for over twenty-one years.

Earlier I thought, setting up business in India is being patriotic. But I realized later that Indians abroad are also bringing good name to India like yourself. Through your good self, I see in South Carolina all three—India, USA, and Christ. So I would like to setup my company there.

BTW, as a Sikh convert yourself, I am sure you would be glad to know that the Church I belong to, with over two thousand branches worldwide, was founded by one, Brother Bakht Singh.

Details about my company can be found at **AgapeKingdom.org** (a Christian social media), and on a campaign page at **igg.me/at/PERSON/13442286**

Whatever you can do for me will be greatly appreciated. Thank you very much!

Looking forward to hearing from you soon,

(Matthew 21:40-42)

Sincerely,

Caleb Suresh Motupalli
